REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Members
Collins/Bay Island Securities LLC
Newport Beach, California

I have audited the accompanying statement of financial condition of Collins/Bay Island Securities LLC as of December 31, 2015 and the related statements of income, changes in member's equity, and cash flows for the year then ended. These financial statements are the responsibility of Collins/Bay Island Securities LLC's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Collins/Bay Island Securities LLC as of December 31, 2015 and the results of its operations and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information for the year ended December 31, 2015 (Schedule I, Computation of Net Capital Under Rule 15c3-1, Schedule II, Computation of Determination of Reserve Requirements Under Rule 15c3-3 (exemption), and Schedule III, Information for Possession or Control Requirements Under Rule 15c3-3 (exemption)) has been subjected to audit procedures performed in conjunction with the audit of Collins/Bay Island Securities LLC's financial statements. The supplemental information is the responsibility of Collins/Bay Island Securities LLC's management. My audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming my opinion on supplemental information, I evaluated whether the supplemental information, including the form and content is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In my opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

This opinion is intended solely for the information and use of the board of members, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

COLLINS/BAY ISLAND SECURITIES LLC

NOTES TO FINANCIAL STATEMENTS

1. Nature of operations and summary of significant accounting policies

Nature of Operations

Collins/Bay Island Securities LLC (the "Company"), a Delaware limited liability company, is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company specializes in marketing third-party private investments.

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 and, therefore, is not required to maintain a "Special Reserve Account for the Exclusive Benefit of Customers."

Basis of Presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

These financial statements were approved by management and available for issuance on February 8, 2016. Subsequent events have been evaluated through this date.

Cash Equivalents

The Company considers its investments in short-term money market fund to be cash equivalents.

Valuation of Investments in Securities and Securities at Fair Value – Definition and Hierarchy

In accordance with GAAP, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

In determining fair value, the Company uses various valuation approaches. In accordance with GAAP, a fair value hierarchy for inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company. Unobservable inputs reflect the Company's assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

COLLINS/BAY ISLAND SECURITIES LLC

NOTES TO FINANCIAL STATEMENTS

1. Nature of operations and summary of significant accounting policies (continued)

Valuation of Investments in Securities and Securities at Fair Value – Definition and Hierarchy (continued)

The availability of valuation techniques and observable inputs can vary from security to security and is affected by a wide variety of factors including, the type of security, whether the security is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed. Accordingly, the degree of judgment exercised by the Company in determining fair value is greatest for securities categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Company's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Company uses prices and inputs that are current as of the measurement date, including periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many securities. This condition could cause a security to be reclassified to a lower level within the fair value hierarchy.

Valuation Techniques

Investments in Securities

The Company values investments in securities that are freely tradable and are listed on a national securities exchange or reported on the NASDAQ national market at their last sales price as of the last business day of the year.

Revenue Recognition

The Company earns referral fees from management and performance fees for accounts obtained for third-party investment companies. The fees are recognized on a quarterly or yearly basis as they are recognized by the investment advisors managing the investment companies.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the amounts disclosed in the financial statements. Actual results could differ from those estimates.

Property and Equipment

Property and equipment is recorded at cost and depreciated using the straight-line method over estimated useful lives of three to seven years. Expenditures for major renewals and improvements are capitalized while minor replacements, maintenance and repairs that do not improve or extend the life of such assets are charged to expense. Gains or losses on disposal of property and equipment are reflected in operations.

COLLINS/BAY ISLAND SECURITIES LLC

NOTES TO FINANCIAL STATEMENTS

1. Nature of operations and summary of significant accounting policies (continued)

Income Taxes

The Company is a limited liability company, and treated as a partnership for income tax reporting purposes. The Internal Revenue Code ("IRC") provides that any income or loss is passed through to the members for federal and state income tax purposes. Accordingly, the Company has not provided for federal or state income taxes.

At December 31, 2015, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. The Company remains subject to U.S. federal and state income tax audits for all periods subsequent to 2011.

With the company being a Single Member LLC, the company is not subject to audit by the IRS.

Concentration of Credit Risk

The Company maintains its cash balances in various financial institutions. These balances are insured by the Federal Deposit Insurance Corporation up to \$250,000 per institution per depositor.

Concentration of Revenues

In 2015, the Company received 48% of its management fee revenues from one manager and 100% of its performance fee revenues from another manager.

2. Fair value measurements

The Company's assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with GAAP. See Note 1 for a discussion of the Company's policies.

The following table presents information about the Company's assets measured at fair value as of December 31, 2015:

	(Level 1)	(Level 2)	(Level 3)	2015
Assets (at fair value)				
Securities owned				
U.S. Treasury bills	\$ 3,045,696	\$ -	\$ -	\$ 3,045,696
Common Stock	1,978,000	-	-	1,978,000
Total securities owned	\$ 5,023,696	\$ -	\$ -	\$ 5,023,696

As of December 31, 2015, the Company determined that all of its assets at fair value totaling \$5,023,696 were categorized as Level 1 assets within the fair value hierarchy.

COLLINS/BAY ISLAND SECURITIES LLC

NOTES TO FINANCIAL STATEMENTS

3. Property and equipment

Property and equipment consists of the following at December 31, 2015:

Furniture and equipment		391,046
Less: accumulated depreciation		<u>(411,913)</u>
Property and equipment, net	\$	<u>340,868</u>

Depreciation expense for the year ended December 31, 2015 was \$75,765.

4. Commitment

The Company leases office space under a non-cancellable operating lease. Aggregate future minimum annual rental payments in the years subsequent to 2015 are as follows:

Year ending,	
2016	\$ 114,471
2017	117,369
2018	120,267
2019	60,858

Rent expense for the year ended December 31, 2015 was \$105,996.

5. Net capital requirement

The Company is subject to the SEC Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital, maintenance of the ratio of aggregate indebtedness to net capital, both as defined, not to exceed 15 to 1, and compliance with restrictions on withdrawal of equity capital or cash dividends if the resulting net capital ratio would exceed 10 to 1. At December 31, 2015, the Company's net capital was \$4,971,781 which was \$4,961,699 in excess of its minimum net capital requirement of \$10,082.

6. Pension and profit-sharing plans

The Company has a profit sharing plan and 401(k) plan for the benefit of its eligible employees. The Company's contribution to the profit sharing plan for the year ended December 31, 2015 is \$101,874, all of which has been accrued as of December 31, 2015.

Independent Accountant's Report on Applying Agreed – Upon Procedures Related to an Entity's SIPC Assessment Reconciliation.

Board of Members
Collins/Bay Island Securities, LLC
Newport Beach, California

In accordance with Rule 17a-5 (e)(4) under the Securities Exchange Act of 1934, I have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the Year Ended December 31, 2015, which were agreed to by Collins/Bay Island Securities, LLC and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Collins/Bay Island Securities, LLC's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Collins/Bay Island Securities, LLC's management is responsible for Collins/Bay Island Securities, LLC's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures I performed and my findings are as follows:

1. Compared the listed assessment payment in Form SIPC-7 with respective cash disbursement records entries from the cash disbursements journal and related bank statements and reconciliations, noting no differences;
2. Compared the amounts reported on the audited Form X-17a-5 for the year ended December 31, 2015, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2015, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, such as clearing firms records supporting securities revenues, noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers, such as revenues from third party support and bank records supporting the adjustments, noting no differences.

I was not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

Assertions Regarding Exemption Provisions

We, as members of management of (*Collins Bay Island Securities LLC*) ("the Company"), are responsible for compliance with the annual reporting requirements under Rule 17a-5 of the Securities Exchange Act of 1934. Those requirements compel a broker or dealer to file annual reports with the Securities Exchange Commission (SEC) and the broker or dealer's designated examining authority (DEA). One of the reports to be included in the annual filing is an exemption report prepared by an independent public accountant based upon a review of assertions provided by the broker or dealer. Pursuant to that requirement, the management of the Company hereby makes the following assertions:

Identified Exemption Provision:

Collins/Bay Island Securities LLC

I have reviewed management's statements, included in the accompanying Collins/Bay Island Securities LLC, Inc. Exemption Report in which (1) Collins/Bay Island Securities LLC identified the following provisions of 17 C.F.R. §15c3-3(k) under which Collins/Bay Island Securities LLC claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(i) (the "exemption provision") and (2) Collins/Bay Island Securities LLC stated that Collins/Bay Island Securities LLC met the identified exemption provision throughout the most recent fiscal year without exception. Collins/Bay Island Securities LLC's management is responsible for compliance with the exemption provision and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and accordingly, included inquiries and other required procedures to obtain evidence about Collins/Bay Island Securities LLC's compliance with the exemption provision. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
